08-03-2006 Associação de Tradução em Língua Portuguesa

The ATeLP (Associação de Tradução em Língua Portuguesa) is a non-profit making private association which was founded on 8 August 2005 by a group of people working in different fields of translation. The ATeLP is a cultural and scientific association which has the aim of cultivating, developing, promoting and disseminating information about the practice, study, teaching-learning, research and application of general translation and, more particularly, of specialized translation from and into the Portuguese language.
